

THE FOUNDATION FOR DIABETES RESEARCH
invites you to an informative workshop on:

Diabetes & 504 Plans

Educating the Educators – Creating 504 Plans that work!

Information parents NEED to know about their child's rights in our schools.

Presentation by Lisa Hendel, M.Ed.

Understanding the law is only one piece of this elaborate puzzle. Learning to apply the law to secure a *Health Care Plan (504)* with the essential accommodations for our children's success in school, is an art form. This workshop will empower parents to be active and effective participants in their child's public education.

Date:	Wednesday, April 13, 2005
Time:	7:00 PM
Place:	Livingston Community Center 204 Hillside Avenue, Livingston

In addition to this workshop, The Foundation for Diabetes Research (FDR) will be holding a 50/50 Raffle to raise money for diabetes research. The drawing will take place immediately following the program. Please purchase tickets in advance. They are \$50 each. For more information on this workshop or to purchase raffle tickets, please contact FDR below.
